Application to Exceed Load Limits

City of Dillon ordinance 10.76.020 restricts the load limits of vehicles to a gross vehicle weight of twenty four thousand (24,000) pounds for travel upon streets within the City of Dillon.

Ordinance 10.76.050 allows the Director of Operations or designated City of Dillon representative to issue a permit to exceed the limits if the following conditions are met:

1. A written request is submitted.
2. Travel is necessary for the delivery of products.
3. In the opinion of the Director of Operations or designated City of Dillon representative travel will not cause injury to the streets.
4. A route over listed streets with higher load limits is not available.

A separate application must be submitted for each vehicle.
